- Get written permission to publish lengthy quotations, illustrations, etc. for which the author does not own the copyright.
- Send four copies of the manuscript to the Managing Editor for peer review. Manuscripts can also be sent by e-mail to the Managing editor and to the Co-Managing Editor.

Manuscript preparation instructions:

- Use standard American English.
- Use MS-Word to produce the manuscript.

- The title should briefly indicate the exact subject of the article.
- Type the title also on the first page of your text.
- The article should begin with a summary – abstract – of about 130 words.
- A list of three to six key words should be provided directly below the abstract. These key words should express the most important content of the manuscript, as they will be used for indexing purposes.

Review procedure

The journal is committed to high standards of peer review. Each manuscript accepted for review by the managing editor is evaluated by two or more scholars active and publishing in the field of political socialization. Their evaluations help the Executive Editors decide whether to publish a manuscript. The main criteria used in making editorial decisions are scientific originality and contribution to the field of knowledge about political socialization and behavior. After a manuscript has been accepted for publication and after all revisions have been incorporated, the author must submit a hard copy of the final article accompanied by electronic files on CD or diskette. The CD/disk must be the one from which the accompanying finalized version of the manuscript was printed.

Before publication, the author will receive a proof copy to check for typographical errors only. The proof copy and corrections must be returned to the Managing Editor within two weeks of receipt together with a statement transferring copyright from the author(s) to the publisher.
